IMPORTANT INFORMATION REGARDING THE COMPUTATION OF YOUR LOAN BALANCE AND LOAN FINANCE CHARGES:

The balance on which the finance charge is completed is the actual unpaid loan balance each day after credits are subtracted and new advances or other charges are added. The finance charge is computed when you make a payment. For each day since your last payment the unpaid balance on your account is multiplied by the corresponding daily rate. The sum of these charges is the finance charge you owe on the loan account.

you no later than 60 days after we sent you the FIRST statement on which the problem or error appeared.

- Tell us your name and account number.

10 business days.) If you give notice of an error within 30 days after you make the first deposit to your account, we will have 20 business days instead of 10 business days to credit your account.
